Unmatched Luxury and Exclusivity

The Rolls Royce Wraith Luminary Collection is a limited edition, with only 55 units produced, bringing a new level of luxury and exclusivity to the automotive world. This collection, inspired by the sun, features unique fabrics and shooting stars to distinguish it from standard Wraith models. The exterior of the Wraith Luminary Collection is finished in a unique shade of grey called Sunburst Grey. This flat tone has the remarkable ability to transform into a vibrant copper when bathed in direct sunlight, providing a dynamic and striking appearance.

Exquisite Exterior Design

The Sunburst Grey paint is contrasted with a hand-painted Sunburst Motif coachline, Wake Channel Lines on the Wraith’s bonnet, and pinstripes on the centre caps, all finished in Saddlery Tan. This exquisite detailing enhances the car's dynamic and striking appearance, making it a true standout on the road.

Luxurious and Unique Interior

Inside, the driver and front passenger are greeted with a continuation of the Saddlery Tan colour, while the rear is contrasted with black leather. A hand-woven stainless steel fabric, a popular choice among the elite, adorns the centre console and door pulls. The Tudor Oak wood, sourced from forests in the Czech Republic, is a special finish exclusive to the Luminary Collection. For the first time, Rolls Royce has managed to illuminate the wood with 176 LEDs, creating a mesmerizing effect reminiscent of a shooting star, particularly in the doors, which mirrors the Starlight Headliner in the roof.

Celestial Starlight Headliner

The Starlight Headliner itself has been enhanced with a new feature: shooting stars. The 1,340 individually hand-woven optical fibres now include shooting stars into the constellation, with eight shooting stars firing at random, primarily over the front seats, providing a celestial display that will captivate occupants during their journey.

Powerful Performance

In terms of performance, the Wraith is described as the most powerful and dynamic Rolls Royce in history. The turbocharged 6.6-litre V12 engine delivers a staggering 624bhp to the rear wheels, propelling the car from 0 to 60 mph in just 4.4 seconds, despite its 2.4-tonne weight. The Wraith is

not just a symbol of luxury but also a marvel of engineering, combining power and elegance in a way that only Rolls Royce can achieve.

Experience Unrivaled Craftsmanship

The Rolls Royce Wraith Luminary Collection is a masterpiece of luxury and engineering, offering an unparalleled driving experience and a level of exclusivity that is unmatched. It is a car that demands attention, not just for its striking appearance but for the meticulous detail and craftsmanship evident in every aspect of its design.

Own a Piece of Automotive Excellence

This vehicle is available for sale at Exotic Cars Dubai. Don't miss the opportunity to own this exceptional Rolls Royce Wraith Luminary Collection.
