Performance Unleashed: Beneath its sleek matt white exterior lies a heart of pure power. The Chiron Sport boasts an 8.0-liter quad-turbocharged W16 engine that generates a staggering 1,479 horsepower and 1,600 Newton-meters of torque. This power is harnessed by a 7-speed dual-clutch automatic transmission, propelling the Chiron Sport from 0 to 60 mph in a mere 2.4 seconds. Its top speed? A jaw-dropping 261 mph (420 km/h), making it one of the fastest production cars in the world.

Exquisite Design: Inside, the Chiron Sport envelops you in a lavish tan interior, adorned with intricate interior carbon accents. The additional skylight option floods the cabin with natural light, enhancing the sense of space and luxury.

A Legacy Continues: The Chiron Sport follows in the footsteps of the iconic Bugatti Veyron and Chiron models, pushing the boundaries of automotive performance and style.
