Welcome to Exotic Cars Dubai, your exclusive source for the most electrifying sports cars and luxury vehicles. We are thrilled to present this unique 2021 Lamborghini Huracán EVO Fluo Capsule, a standout model with its vibrant neon green exterior and sleek black interior, enhanced by forged carbon detailing. This special edition brings an added layer of excitement and exclusivity to the already thrilling Huracán EVO lineup.

The 2021 Lamborghini Huracán EVO Fluo Capsule is designed to make a bold statement. This edition features bright, eye-catching exterior colors, including the striking neon green of this model, which not only emphasizes the car's dynamic lines but also highlights its aggressive styling cues. The Fluo Capsule models distinguish themselves with their intense colors contrasted by matte black detailing on the roof, front bumper, and side skirts, creating a visually impactful appearance.

Inside, the Huracán EVO Fluo Capsule continues to impress with a luxurious black interior that includes special Fluo Capsule branding. The seats and other elements are adorned with neon accents that match the exterior, reinforcing the car's sporty and youthful vibe. The use of forged carbon fiber throughout the cabin not only adds to the aesthetic appeal with its unique pattern and finish but also contributes to the vehicle's overall lightweight structure, enhancing performance.

Performance-wise, the Huracán EVO Fluo Capsule is powered by the same formidable 5.2-liter V10 engine found in the standard EVO, delivering an exhilarating 610 horsepower to the rear wheels. This power, combined with Lamborghini's advanced LDVI (Lamborghini Dinamica Veicolo Integrata) system, ensures a driving experience that is both responsive and thrilling, with capabilities that are enhanced by the vehicle's aerodynamic efficiency and state-of-the-art technology.

At Exotic Cars Dubai, we pride ourselves on offering a selection of the most prestigious and exhilarating vehicles. Visit our showroom to experience this exceptional 2021 Lamborghini Huracán EVO Fluo Capsule and explore our extensive collection of luxury and performance cars.

Our knowledgeable team is ready to assist you in finding the perfect vehicle and answering any questions you may have. Don't miss the opportunity to own this eye-catching 2021 Lamborghini Huracán EVO Fluo Capsule in neon green, equipped with all the distinctive features of this special edition.
