2010 Ferrari 458 Italia

A Modern Classic. Pure Ferrari Emotion. Track-Bred, Road-Ready.

The **Ferrari 458 Italia** marked a turning point in Maranello's design and engineering language — a supercar that seamlessly merged performance, innovation, and beauty. With its naturally aspirated V8 engine, razor-sharp handling, and breathtaking design by Pininfarina, the 458 quickly earned its place as one of the most iconic Ferraris of the modern era.

Finished in iconic **Rosso Corsa Red exterior** with a matching **Red leather interior**, this 2010 Ferrari 458 Italia is a celebration of passion, precision, and Italian heritage — now available at **Exotic Cars Dubai**.

Rosso Corsa Red — A Ferrari in Its Purest Form

The **Red exterior** captures the timeless spirit of Ferrari's racing DNA. Sculpted with aerodynamic precision, the 458 features aggressive front air intakes, sharp character lines, and an unmistakable silhouette that screams speed even at a standstill.

Every curve, from the contoured fenders to the rear diffuser and triple exhaust, is designed for performance and presence. This 458 is a statement — elegant, powerful, and impossible to ignore on the streets of Dubai.

Red Leather Interior — Driver-Focused Drama

Inside, the **Red leather cabin** makes an unapologetic impact. Hand-stitched by Ferrari artisans, the interior blends race-ready ergonomics with bespoke luxury. The flat-bottomed steering wheel with integrated controls, carbon fiber trim, and minimalist dashboard layout create a cockpit designed for driving at the highest level.

Every surface reflects purpose, yet remains unmistakably Ferrari — from the red contrast stitching to the iconic yellow tachometer at center stage.

V8 Performance — Naturally Aspirated Perfection

At its heart lies a **4.5-liter naturally aspirated V8**, producing **562 horsepower** and **540 Nm of torque**. With a **7-speed dual-clutch F1 transmission**, the 458 Italia launches from **0 to 100 km/h in just 3.4 seconds**, with a top speed of **325 km/h**.

Lightning-quick gear changes, telepathic steering, and an exhilarating exhaust note make this one of the most visceral and rewarding driving experiences ever built. It's not just fast — it's alive.

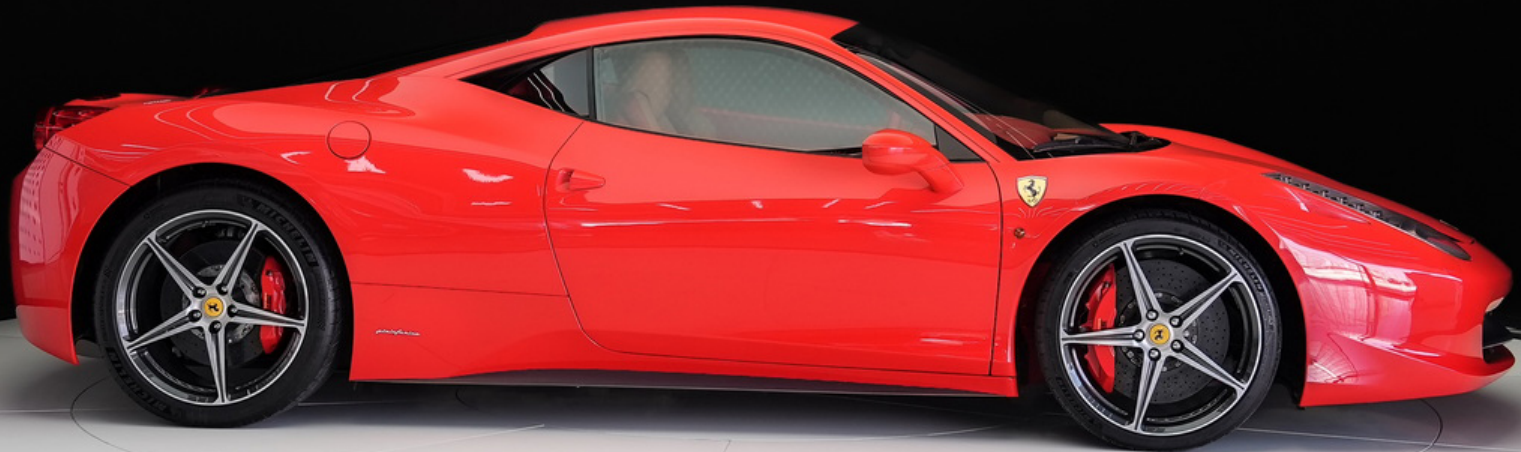

A Supercar Made for Dubai's Open Roads

Whether navigating the curves of Jebel Hafeet or cruising along Jumeirah Beach Road, the 458 Italia is a supercar that connects driver and road like few others. With its **Red on Red configuration**, it's built not just to be driven, but to be remembered.
