2012 Lamborghini Gallardo LP570-4 Super Trofeo Stradale

1 of 150 Worldwide – A Road-Legal Race Car Born from the Track

The **2012 Lamborghini Gallardo Super Trofeo Stradale** is one of the rarest and most extreme iterations of the Gallardo ever built — a limited-production homage to the brand's **Blancpain Super Trofeo race series**, with only **150 examples** produced globally. Lightweight, aggressive, and unfiltered, this car is a celebration of Lamborghini's motorsport pedigree.

Finished in a striking **Rosso Mars Red exterior** with a race-inspired **Red and Black Alcantara interior**, this Super Trofeo Stradale is a collector's dream — now available at **Exotic Cars Dubai**.

Exterior — Rosso Mars with Race-Bred Aerodynamics

The **Red exterior**, officially known as *Rosso Mars*, is complemented by exposed carbon fiber aero components, including the massive adjustable **rear wing**, **rear diffuser**, and **vented engine cover**. Lightweight matte-black 19-inch wheels, carbon ceramic brakes, and gloss black accents round out its aggressive stance.

Weighing **70 kg less** than a standard Gallardo, this special edition was engineered for pure performance — every panel and vent has a purpose.

Interior — Red + Black, Built for the Drive

Inside, the cockpit is wrapped in **Red and Black Alcantara**, complete with carbon fiber trim, lightweight racing seats, and exposed aluminum. A red starter button, stripped-back switchgear, and minimal sound insulation remind you: this is not just a supercar — it's a race car in road-legal form.

A fire extinguisher, harness-ready mounts, and Super Trofeo badging further distinguish this rare machine from the rest of the Gallardo lineup.

Performance — Naturally Aspirated V10 Fury

Powered by a **5.2-liter naturally aspirated V10**, the Super Trofeo Stradale delivers **570 horsepower** to all four wheels via a lightning-quick **6-speed e-gear transmission**. It accelerates from **0–100 km/h in 3.4 seconds**, with a top speed of **320 km/h** — backed by a spine-tingling soundtrack and precise handling thanks to a stiffened chassis and lightweight components.

With carbon-ceramic brakes, performance-tuned suspension, and a rear wing generating true downforce, this Gallardo delivers track-grade capability with road-going accessibility.

A Collector's Dream — 1 of 150 Worldwide

As **one of only 150 units** ever built, the **Super Trofeo Stradale** holds significant value for collectors and true Lamborghini enthusiasts. With its unique **Red on Red + Black spec**, raw performance, and motorsport heritage, this is a car that celebrates the final chapter of the V10 Gallardo — loud, focused, and absolutely legendary.
