2025 Rolls-Royce Cullinan Black Badge Series II

Darker. Bolder. Beyond Convention. A Masterpiece in Motion.

The **2025 Rolls-Royce Cullinan Black Badge Series II** is not merely an SUV — it's the most commanding expression of luxury, performance, and presence ever engineered by Rolls-Royce. With sharper design, deeper personalization, and more dynamic handling, the Black Badge Series II is made for leaders who demand individuality with no compromise.

Finished in a rare and captivating **Salamanca Blue exterior** with a bespoke **Blue interior featuring Duality Twill seating**, and enhanced by exclusive **carbon fiber trim**, this Cullinan is a one-of-one statement in motion — now available at **Exotic Cars Dubai**.

Exterior — Salamanca Blue Sophistication with a Rebellious Edge

The **Salamanca Blue finish** is a deep, lustrous shade that glows under the Dubai sun while radiating prestige and contemporary confidence. Black Badge-exclusive styling cues include the **darkened Pantheon grille**, **black chrome Spirit of Ecstasy**, smoked trims, and striking **22-inch forged carbon alloy wheels**.

Every line speaks to precision, while the color contrast between blue and black chromes elevates this Cullinan to a new level of visual authority.

Interior — Blue Leather with Duality Twill and Carbon Drama

Inside, this Cullinan is a realm of modern artistry. The bespoke **Blue leather interior** is beautifully complemented by **Duology Twill seats**, offering an intricate woven texture that's as luxurious as it is unique. Every stitch, thread, and material is hand-finished — a Rolls-Royce signature.

Carbon fiber interior trim replaces traditional wood veneers for a performance-inspired atmosphere, blending motorsport influence with classic craftsmanship. Rear-seat passengers enjoy **rear entertainment screens**, ambient lighting, and the iconic **Starlight Headliner**, casting a personalized constellation above in absolute silence.

Performance — V12 Power, Tuned for the Bold

Powered by a **6.75-liter twin-turbocharged V12**, the Cullinan Black Badge produces **600 horsepower** and **900 Nm of torque**, propelling this luxury behemoth from **0–100 km/h in just 4.9 seconds**. Enhanced throttle mapping, firmer suspension, and a retuned gearbox give it a more engaged driving feel — while maintaining the signature **Magic Carpet Ride**.

The result is a Rolls-Royce that's sharper, faster, and more thrilling — without compromising refinement.

Crafted for Dubai's Visionaries

In a city that thrives on being first, best, and boldest, the **Cullinan Black Badge Series II** stands out as the new standard of elite travel. With its **Salamanca Blue exterior, bespoke Blue interior, carbon trim, Starlight roof, and rear entertainment**, it's a tailored experience built for Dubai's most discerning power players.
