2023 Range Rover Vogue Autobiography P530 LWB V8

Modern Luxury. Elevated Power. First-Class Comfort in Motion.

The **2023 Range Rover Vogue Autobiography P530 LWB V8** is the ultimate blend of British refinement, advanced technology, and effortless V8 power — engineered for those who require more than just a ride; they require a statement. Finished in a sleek **White exterior** and paired with a rich **Red leather interior**, this long-wheelbase Autobiography delivers a commanding road presence with the serenity of a private jet.

Now available at **Exotic Cars Dubai**, this luxury SUV redefines rear-seat comfort with its **executive-class leg rest seats, panoramic roof, and rear entertainment system** — making every journey an experience in itself.

Exterior — White Elegance with a Regal Profile

The **White finish** emphasizes the Range Rover's iconic design — clean, timeless, and powerful. With flush door handles, black contrast roof, gloss black trims, and signature Digital LED headlights, this LWB model exudes minimalist sophistication and unmistakable status.

The extended **LWB (Long Wheelbase)** platform subtly stretches the silhouette for greater rear cabin space, enhancing its already imposing road presence — equally suited for urban refinement or high-profile arrivals.

Interior — Red Leather Prestige, Chauffeur-Class Comfort

Step into an interior where luxury meets boldness. The **Red leather upholstery** is dramatic and elegant, wrapping the cabin in deep comfort and contemporary flair. Premium quilted seating, ambient lighting, and open-pore wood or gloss black veneers create a lounge-like atmosphere.

Rear passengers enjoy **executive seating** with **electrically deployable leg rests, rear entertainment screens**, and full massage and climate functions. The **panoramic roof** brings an airy, expansive feel to the cabin, filling it with natural light by day and ambient mood lighting by night.

Performance — Twin-Turbo V8 Grace

Under the hood lies a **4.4-liter twin-turbocharged P530 V8**, delivering **523 horsepower** and **750 Nm of torque**. It accelerates from **0 to 100 km/h in just 4.6 seconds**, effortlessly blending power with refinement. The **Dynamic Air Suspension, All-Wheel Steering, and Terrain Response 2** ensure a confident, composed ride in any setting — from desert roads to city boulevards.

Quiet, smooth, and responsive, the Range Rover offers the grace of a limousine with the strength of a grand tourer.

Built for Dubai's Luxury Landscape

Whether chauffeured through the heart of Downtown Dubai or self-driven along the coast, the **Range Rover Autobiography P530 LWB** is built to complement your success. With its **White exterior**, striking **Red interior**, and elevated rear experience, it stands as the benchmark of modern SUV luxury.
