1999 Ferrari 456M GTA

V12 Heritage. Grand Touring Class. A Rare Ferrari for the Refined Collector.

The **1999 Ferrari 456M GTA** represents an era when Ferrari built grand tourers with long-distance comfort, subtle elegance, and unmistakable V12 performance. As a facelifted version of the original 456, the “M” (Modificata) brought aerodynamic refinements, chassis updates, and improved luxury — while maintaining Ferrari’s naturally aspirated soul.

Finished in a unique **Golden exterior** and paired with a sleek **Black leather interior**, this 456M GTA is an exclusive expression of Ferrari’s understated power and timeless design — now available at **Exotic Cars Dubai**.

Exterior — Golden Elegance, Distinctly Ferrari

The **Golden metallic finish** gives this 456M a truly distinctive presence, offering sophistication that’s both rare and striking. Subtle curves, a long front hood, and pop-up headlights reflect the graceful design language of 1990s Ferrari — with Pininfarina’s touch ensuring this grand tourer retains an unmistakable Italian silhouette.

Chrome Ferrari badging, 5-spoke alloy wheels, and dual rear exhausts enhance the clean lines, making it a head-turner for classic collectors and connoisseurs alike.

Interior — Black Leather, Subtle & Purposeful

Inside, the cabin is finished in **Black leather**, providing a timeless and understated contrast to the golden exterior. The interior is elegant, ergonomic, and well-insulated — designed for grand touring in total comfort.

Power-adjustable leather seats, analog instrumentation, and traditional Ferrari switchgear offer a driving environment focused on feel, not flash. Rear seating adds functionality, making this a true 2+2 with GT character.

Performance — V12 Smoothness with GTA Comfort

Under the bonnet lies a **5.5-liter naturally aspirated V12**, producing **436 horsepower** and mated to a **4-speed automatic transmission** in the GTA variant. It glides from **0–100 km/h in 5.1 seconds**, offering smooth power delivery with classic Ferrari sound and rear-wheel-drive dynamics.

With a top speed of **over 300 km/h**, the 456M GTA was one of the fastest 4-seaters of its time — a rare combination of family practicality and V12 thrill.

A Future Classic with Graceful Power

The **Ferrari 456M GTA** stands today as one of the most underrated and gracefully styled front-engine V12 Ferraris. With its **Golden exterior**, classic **Black interior**, and grand touring heritage, this is a Ferrari made for collectors who appreciate elegance as much as performance.

Now Available at Exotic Cars Dubai
