## 2021 Porsche 911 Turbo S

### Everyday Supercar. Pure Precision. Power Wrapped in Elegance.

The **2021 Porsche 911 Turbo S** is the pinnacle of the 911 lineup — a supercar disguised as a daily driver. With explosive performance, razor-sharp handling, and refined luxury, it's engineered to dominate highways, handle city streets, and conquer winding roads with ease. Finished in a clean **White exterior** and a rare **Red + Ivory leather interior**, this Turbo S balances power and polish in every detail.

Now available at **Exotic Cars Dubai**, this is where precision engineering meets timeless design.

### Exterior — White with Iconic Simplicity

The **White exterior** highlights the 911's unmistakable silhouette — wide rear fenders, aggressive air intakes, active rear spoiler, and signature LED light strip. It rides on lightweight 20/21-inch Turbo S center-lock wheels, with carbon ceramic brakes and yellow calipers peeking behind — hinting at its serious performance.

Functional yet elegant, every vent and contour serves a purpose, making it as aerodynamic as it is alluring.

### Interior — Red + Ivory Two-Tone Luxury

Inside, the cabin is finished in an exclusive **Red and Ivory leather combination**, exuding bold sophistication. The **GT sport steering wheel**, **carbon fiber trim**, and **14-way adaptive sport seats** ensure comfort without compromising driver engagement.

Advanced tech includes a 10.9-inch Porsche Communication Management system, digital instrument cluster, BOSE® surround sound, and ambient lighting — wrapping the cockpit in modern luxury.

### Performance — Twin-Turbo Powerhouse

Under the rear hood lies a **3.8-liter twin-turbocharged flat-six**, producing **641 horsepower** and **800 Nm of torque**. With **all-wheel drive** and an 8-speed PDK dual-clutch transmission, the Turbo S rockets from **0–100 km/h in just 2.7 seconds**, with a top speed of **330 km/h**.

Adaptive suspension, rear-wheel steering, and Porsche Active Aerodynamics give the car agile handling and incredible road confidence — whether in tight corners or high-speed straights.

## **Made for Dubai's Fast Lanes and Fine Boulevards**

Whether launching down Sheikh Zayed Road or pulling up to the valet at Burj Al Arab, the **2021 911 Turbo S** in **White with a Red + Ivory interior** is as fast as it is refined — the ultimate dual-purpose supercar for Dubai's luxury performance lifestyle.
