2022 Ferrari F8 Spider

Twin-Turbo Precision. Open-Air Emotion. The V8 Supercar Icon.

The **2022 Ferrari F8 Spider** is the open-top evolution of Maranello's award-winning mid-engine V8 platform — a convertible supercar that combines thrilling performance, breathtaking design, and everyday usability. Finished in classic **Rosso Corsa Red** inside and out, and equipped with **carbon fiber detailing throughout**, this F8 Spider offers the ultimate Ferrari experience in pure, uninterrupted air.

Now available at **Exotic Cars Dubai**, this Spider is designed for those who demand both excitement and elegance, roof up or down.

Exterior — Rosso Corsa with Carbon Accents

The **Red exterior** embodies Ferrari heritage, sculpted for aerodynamics and performance. This F8 Spider is enhanced with **carbon fiber exterior options**, including:

1. Carbon fiber front splitter
2. Carbon side skirts and rear diffuser
3. Carbon fiber engine cover and mirror caps
4. Optional carbon rear spoiler

With a retractable hardtop that disappears in 14 seconds, this Spider transitions from coupe to convertible in style — making it equally perfect for Downtown Dubai or a mountain sprint to Hatta.

Interior — Red Leather with Carbon Focus

Inside, the **Red leather interior** offers a seamless continuation of the bold exterior. The driver-focused cockpit features **carbon fiber trim across the dashboard, central tunnel, paddle shifters, door panels, and steering wheel** — offering lightweight performance and motorsport-inspired aesthetics.

Supportive sports seats, stitched Ferrari logos, and digital instrumentation make it a refined, responsive, and immersive place to drive. Every control is within reach — built for instinct and adrenaline.

Performance — V8 Turbo Excellence

Powered by a **3.9-liter twin-turbocharged V8**, the F8 Spider produces **710 horsepower** and **770 Nm of torque**, launching from **0–100 km/h in just 2.9 seconds**, with a top speed of **340 km/h**. Paired with a 7-speed dual-clutch transmission and Ferrari's latest **Side Slip Control**, the F8 offers sharp agility and effortless grip.

The **adaptive suspension**, rear-wheel drive, and lightweight design allow it to handle like a track weapon — but with the elegance expected from a Ferrari.

Made for Dubai's Supercar Scene

From the Marina skyline to high-speed coastal highways, the **F8 Spider in Red with Red interior**, loaded with **carbon fiber enhancements**, delivers drama, prestige, and performance — ideal for Dubai's boldest collectors and drivers.

Now Available at Exotic Cars Dubai
