2020 Bentley Mulsanne Speed

The Last of a Legend. V8 Power. Handcrafted Grandeur.

The **2020 Bentley Mulsanne Speed** is the final chapter in Bentley's flagship legacy — the pinnacle of handcrafted luxury, bespoke detail, and old-world elegance fused with commanding performance. As the last model year before the Mulsanne was retired, this **White over Black** example captures everything that made the Mulsanne iconic: timeless design, immense power, and unmatched presence.

Now available at **Exotic Cars Dubai**, this Mulsanne Speed is a collector-grade saloon that defines dignified performance.

Exterior — White Sophistication, Commanding Silhouette

Finished in **Glacier White**, the Mulsanne Speed carries immense road presence with sculpted precision. Signature Bentley design language is on full display, with:

1. Dark-tinted matrix grille and Speed-specific black accents
2. Twin-rifled oval exhaust pipes
3. 21-inch Speed alloy wheels
4. LED matrix headlights with jewel-like detailing

The long hood, short front overhang, and sheer size give it a commanding stance — fit for royalty, dignitaries, or discerning owners who value presence without noise.

Interior — Black Leather, Pure Bespoke Craftsmanship

The **Black leather interior** is a world of handcrafted luxury, stitched, veneered, and detailed by artisans in Crewe. Contrast piping, knurled metal controls, and **diamond-quilted seats** elevate every surface.

Interior highlights include:

1. Rear lounge seating with fold-down picnic tables

2. Deep-pile carpets and optional starlight headliner
3. 14-speaker Bentley audio or optional Naim for Bentley premium system
4. Dual rear entertainment screens with wireless controls (optional)

Every detail, from the analog clock to the polished wood veneers, reinforces that this car was built for those who expect nothing but the finest.

Performance — Twin-Turbo V8 with Silken Force

Beneath the bonnet lies Bentley's legendary **6.75-liter twin-turbocharged V8**, hand-built to produce **530 horsepower** and a staggering **1,100 Nm of torque**. Despite its size and luxury, the Mulsanne Speed moves with authority:

1. **0–100 km/h in just 4.8 seconds**
2. Top speed: **305 km/h**
3. Drive and suspension modes for Comfort, Sport, and Custom driving
4. Seamless 8-speed ZF automatic transmission

It's one of the most refined powertrains ever built — and the last of its kind.

A Final Statement for Dubai's Elite

With its **White exterior**, **Black interior**, and Bentley's final chapter in traditional craftsmanship, the **2020 Mulsanne Speed** is made for the most refined garages in Dubai. It's not just transportation — it's an expression of legacy, taste, and timeless prestige.
