2010 Mercedes-Benz SLS AMG

Gullwing Legacy. V8 Thunder. The Modern Classic from Affalterbach.

The **2010 Mercedes-Benz SLS AMG** marks the return of an icon — a spiritual successor to the 300 SL, reinterpreted with 21st-century engineering and aggressive AMG muscle. Finished in a menacing **Black exterior** with a dramatic **Red and Black interior**, this coupe embodies timeless design, thrilling performance, and rarity in today's supercar landscape.

Now available at **Exotic Cars Dubai**, this SLS is a collector's dream and a driver's thrill machine.

Exterior — Blacked-Out, Gullwing Glory

The **Black paintwork** amplifies the car's elongated proportions, muscular haunches, and race-inspired stance. The **gullwing doors** are a defining feature — lifting upward to make every entrance a moment of drama.

Exterior highlights include:

1. Lightweight aluminum body
2. Signature long bonnet and short rear deck
3. AMG multi-spoke alloy wheels
4. LED daytime running lights and quad exhaust tips

Sleek, aggressive, and unmistakably unique, the SLS AMG commands presence — whether in motion or on display.

Interior — Red + Black, Motorsport Elegance

Inside, the cabin is tailored in **Black leather with Red accents**, delivering a bold and race-inspired atmosphere. High-end materials and AMG detailing reflect the brand's motorsport heritage.

Interior features:

1. Sport bucket seats with red stitching and piping

2. Flat-bottom AMG steering wheel with paddle shifters
3. Carbon fiber or brushed aluminum trim (optional)
4. Command infotainment system and premium audio

This is a cockpit built around the driver — raw, refined, and thrilling.

Performance — Naturally Aspirated AMG V8

Under the hood lies a **6.2-liter naturally aspirated V8**, hand-built by AMG, producing **563 horsepower** and **650 Nm of torque**. Paired with a **7-speed AMG SPEEDSHIFT dual-clutch transmission (SMG)**, the SLS rockets from **0–100 km/h in just 3.8 seconds** with a top speed of **317 km/h**.

Rear-wheel drive, a front-mid engine layout, and a lightweight chassis deliver sharp handling and classic supercar balance — all accompanied by one of the greatest exhaust notes ever engineered.

A Collectible Icon Built for Dubai's Roads

From the gullwing doors to the hand-built V8, the **SLS AMG in Black with Red + Black interior** is a modern-day legend. It's ideal for collectors, enthusiasts, or anyone who wants to own a piece of Mercedes-AMG history — and turn heads on every drive through Dubai.
