2023 Mercedes-Benz G63 AMG

Iconic Shape. AMG Force. The Ultimate Expression of Off-Road Luxury.

The **2023 G63 AMG** continues its legacy as one of the most coveted high-performance SUVs in the world. With its boxy silhouette, dominating presence, and AMG-enhanced hardware, it delivers raw performance with full luxury credentials. Finished in a unique and eye-catching **Green exterior** with a warm **Tan leather interior**, this G63 is built for those who want to stand apart — and above.

Now available at **Exotic Cars Dubai**, this G-Wagon is both a design icon and an all-terrain powerhouse.

Exterior — Green Brilliance, AMG Boldness

The **Green finish** gives the G63 a bespoke, head-turning look that pairs sophistication with individuality. Combined with AMG's muscular styling, this SUV looks just as good in a valet queue as it does cutting across desert terrain.

Exterior highlights include:

1. Panamericana grille and AMG-specific bumpers
2. Wide fender flares and side-exit exhausts
3. 22-inch AMG forged wheels with red brake calipers
4. LED Multibeam headlamps and gloss black accents
5. Optional night package for darkened trim and badges

A modern legend, finished in a color few dare to wear.

Interior — Tan Leather, Refined Strength

Step inside to a **Tan Nappa leather interior**, beautifully quilted and contrast-stitched, offering a warm and elegant contrast to the bold exterior. This cabin is built to impress — both visually and in terms of comfort.

Features include:

1. AMG performance steering wheel with aluminum paddles
2. Dual 12.3-inch digital displays for instrumentation and infotainment
3. Burmester® surround sound system
4. Ambient lighting with 64 color options
5. Heated, ventilated, and massaging front and rear seats

It's a luxury cockpit designed for control, comfort, and commanding attention.

Performance — Handcrafted AMG V8 Power

At its core, the G63 AMG features a **4.0-liter twin-turbocharged V8**, handcrafted in Affalterbach, producing **577 horsepower** and **850 Nm of torque**.

1. **0–100 km/h in 4.5 seconds**
2. 9-speed AMG SPEEDSHIFT transmission
3. 4MATIC all-wheel drive with low-range gearing
4. Three locking differentials for serious off-road capability
5. AMG Ride Control suspension for comfort and control

The result? Supercar performance wrapped in bulletproof luxury.

Built for Dubai's Boldest Drivers

With its rare **Green exterior**, **Tan interior**, and unmistakable AMG performance, the **2023 Mercedes-Benz G63 AMG** is made for those in Dubai who demand exclusivity, luxury, and dominance — on every terrain.
