## 2024 Porsche 911 Turbo S

### Everyday Supercar. Understated Brilliance. Porsche Power at its Peak.

The **2024 Porsche 911 Turbo S** is the embodiment of precision and practicality — a supercar you can drive daily without sacrificing comfort or refinement. Finished in a timeless **Grey exterior** over a clean **Ivory leather interior**, this Turbo S exudes confidence, luxury, and relentless speed in equal measure.

Now available at **Exotic Cars Dubai**, this is the ideal coupe for the driver who demands performance without shouting for attention.

### Exterior — Subtle Strength in Grey

The **Grey paintwork** brings a composed, modern tone to the 911's signature curves. Combined with widened rear arches, aggressive front intakes, and a deployable rear wing, it's instantly recognizable while remaining gracefully understated.

1. Matrix LED headlights with dynamic light system
2. Center-lock 20"/21" Turbo S wheels
3. SportDesign front and rear bumpers
4. Adaptive rear spoiler and active aerodynamics

It's engineered for aerodynamic excellence — with looks that speak softly but confidently.

### Interior — Ivory Elegance with Driver Focus

Step inside to a finely appointed **Ivory leather cabin**, offering a bright and luxurious contrast to the darker exterior. The layout is quintessentially Porsche: clean, tactile, and performance-oriented.

Interior highlights include:

1. Heated and ventilated adaptive sport seats
2. Full leather dashboard with contrast stitching

3. Digital + analog driver display with GT sport steering wheel
4. Bose® or optional Burmester® premium sound system
5. Porsche Communication Management (PCM) with 10.9" touchscreen

The fit and finish are unmistakably high-end — built around the driving experience.

### **Performance — Twin-Turbo Brilliance, AWD Confidence**

At the core is a **3.8-liter twin-turbocharged flat-six**, producing **641 horsepower** and **800 Nm of torque**, sent to all four wheels via Porsche's lightning-fast **8-speed PDK dual-clutch transmission**.

1. **0–100 km/h in just 2.6 seconds**
2. Top speed: **330 km/h**
3. Launch control, rear-axle steering, and active suspension
4. Porsche Traction Management (PTM) all-wheel drive

It's a car that can lap a racetrack in the morning, cruise the marina by afternoon, and glide through Sheikh Zayed Road traffic in effortless comfort.

### **Built for Dubai's Discreet Supercar Owners**

Finished in **Grey with an Ivory interior**, the **2024 911 Turbo S** is the perfect machine for Dubai's professionals, entrepreneurs, and collectors — those who want speed, style, and daily versatility without compromise.
