2024 Lamborghini Urus Performante, The Ultimate Driving Machine

Unrivalled Luxury and Performance

Welcome to Exotic Cars Dubai, your top spot for the world's most exclusive supercars and luxury vehicles. We are excited to showcase the thrilling 2024 Lamborghini Urus Performante, the most dynamic version of Lamborghini's iconic Super SUV. It comes in a striking green exterior with a stealthy black interior. This Urus features a full carbon fiber exterior and interior package, making it the most aggressive and refined model to date.

Incredible Power and Speed

The Urus Performante is powered by a 4.0-liter twin-turbocharged V8 engine. It delivers 657 horsepower and 850 Nm of torque. This SUV can go from 0 to 100 km/h in just 3.3 seconds, thanks to all-wheel drive, lightweight materials, and updated dynamics that improve agility. The titanium exhaust system offers a bolder sound, while the redesigned suspension lowers the ride height for better handling.

Exquisite Exterior Design

The green exterior features a full carbon fiber aero kit, including the front splitter, rear diffuser, wheel arches, roof, and hood vents. The aggressive design is complemented by 22-inch forged wheels, matte black trim, and performance side skirts—these elements are sculpted to increase downforce and reduce drag. Every angle of the Urus Performante is crafted to turn heads and dominate the road.

Luxurious and Sophisticated Interior

Step inside the black interior, where performance meets Lamborghini craftsmanship. The cabin features Alcantara upholstery, a carbon fiber dashboard and center console, contrast stitching, and anodized aluminum paddles. The front sports seats are heated, ventilated, and designed for spirited driving. A digital cockpit and Lamborghini's dual-screen infotainment system provide complete control over driving modes and multimedia functions.

Explore Our Collection at Exotic Cars Dubai
