2024 Porsche 911 GT3 RS Weissach, The Ultimate Driving Machine

Unrivalled Luxury and Performance

Welcome to Exotic Cars Dubai, your top choice for the world's most exclusive supercars and luxury vehicles. We proudly present the exciting 2024 Porsche 911 GT3 RS Weissach, a track-ready car refined for the road. With its bold Green and Black exterior and motorsport-inspired Black interior, this GT3 RS features the highly sought-after Weissach Package, which includes full carbon fiber parts inside and out. It's designed for purists who want an edge.

Incredible Power and Speed

Under the hood, there's a high-revving 4.0-liter naturally aspirated flat-six engine, generating 518 horsepower and 465 Nm of torque. Paired with a 7-speed PDK dual-clutch transmission, it can reach 0 to 100 km/h in just 3.2 seconds, delivering quick gear shifts and precise handling. The Weissach Package further trims weight with a carbon fiber roof, hood, wing, and anti-roll bars, enhancing performance even more.

Exquisite Exterior Design

The Green and Black exterior is striking, aerodynamic, and unmistakably Porsche. The large rear wing, vented front fenders, carbon hood, and lightweight center-lock wheels showcase Porsche's racing heritage. Completed with unique Weissach carbon details and special badging, this GT3 RS is both a visual and aerodynamic marvel.

Luxurious and Purposeful Interior

Inside, the Black leather and Alcantara cabin is designed for weight savings and performance. The Weissach Package includes carbon fiber paddle shifters, dashboard trim, and lightweight racing bucket seats with harness mounts. Other features include GT-specific gauges, a track telemetry system, and an optional roll cage, making this the ultimate performance cockpit for both the road and track.
