2023 Lamborghini Urus Performante: The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your go-to spot for the world's most exclusive supercars and luxury vehicles. Here is the 2023 Lamborghini Urus Performante, the boldest, lightest, and most aggressive version of the world's first super SUV. Finished in a fierce Red exterior with a striking Black and Orange interior, this Urus features extensive carbon fiber upgrades inside and out. It combines Italian racing spirit with SUV versatility.

Incredible Power and Speed

The Urus Performante has a 4.0-liter twin-turbocharged V8 engine that delivers 657 horsepower and 850 Nm of torque. It goes from 0 to 100 km/h in just 3.3 seconds, reaching a top speed of 306 km/h. A revamped suspension system, new rear differential, and lightweight build ensure sharper handling and better driving dynamics both on and off road.

Exquisite Exterior Design

This Performante features Red paint with matte carbon fiber trim, including a carbon hood, mirror caps, side skirts, rear diffuser, and roof spoiler. It has 23-inch lightweight forged wheels, bold new front and rear bumpers, dual-tone gloss black accents, and signature Y-shaped daytime running lights. The carbon accents not only enhance the design but also cut down weight and boost aerodynamic efficiency.

Luxurious and Sophisticated Interior

Step into a cockpit full of energy and style. The Black and Orange leather and Alcantara interior showcases a complete carbon fiber trim package across the dashboard, center console, and doors. Performance bucket seats with contrast stitching, Lamborghini's user-friendly ANIMA drive selector, and a fully digital instrument cluster immerse the driver in a motorsport-inspired space. Tech features include a dual-screen infotainment system, premium 3D sound system, and wireless connectivity.

Explore Our Collection at Exotic Cars Dubai
