2024 Ferrari 296 GTS, The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your top destination for the world's most exclusive supercars and luxury cars. We are excited to present the thrilling 2024 Ferrari 296 GTS, a next-generation plug-in hybrid spider that delivers impressive performance with classic Ferrari design. This model features a striking Black exterior and a sleek Black interior, enhanced by premium carbon fiber trim.

Incredible Power and Speed

The 296 GTS uses a 3.0-liter twin-turbocharged V6 hybrid engine along with an electric motor, producing a total of 830 horsepower. This Ferrari goes from 0 to 100 km/h in just 2.9 seconds, reaching a top speed of over 330 km/h. Its 8-speed dual-clutch transmission and eManettino drive modes provide precise control for both road and track.

Exquisite Exterior Design

Covered in deep gloss Black, the 296 GTS has a retractable hardtop that opens in just 14 seconds at speeds up to 45 km/h. Aerodynamic contours, carbon fiber details, LED matrix headlights, and bold rear diffusers highlight its performance-oriented look. The 20-inch forged wheels and Ferrari's signature brake calipers enhance its aggressive stance.

Luxurious and Sophisticated Interior

Inside, the Black cockpit includes carbon fiber trim, Alcantara surfaces, and a fully digital instrument cluster that engages the driver with data and design. The GT racing seats are both lightweight and supportive, providing comfort and grip. The steering wheel features the eManettino switch, a start/stop button, and performance indicators, creating a race-inspired environment for enthusiasts.
