## **2025 Ferrari Roma Spider – The Ultimate Driving Machine**

### **Unrivalled Luxury and Performance**

Welcome to Exotic Cars Dubai, your top spot for the world's most exclusive supercars and luxury vehicles. We are thrilled to present the exceptional 2025 Ferrari Roma Spider. This car showcases Italian design and open-air performance. It features a sophisticated black exterior and an elegant ivory interior. The carbon fibre trim and sleek black soft roof create a perfect mix of sport and elegance.

### **Incredible Power and Speed**

The Roma Spider is made for grand touring with the heart of a true sports car. Under the hood, it has a 3.9-liter twin-turbocharged V8 engine. This engine produces an exhilarating 612 horsepower and 760 Nm of torque. It accelerates from 0 to 100 km/h in just 3.4 seconds and has a top speed of 320 km/h. With an 8-speed dual-clutch transmission, the Roma Spider offers smooth shifts and quick responsiveness at any speed.

### **Exquisite Exterior Design**

The 2025 Ferrari Roma Spider pays tribute to timeless Italian style. The deep black finish is refined and bold, emphasizing the car's flowing lines and aerodynamic shape. Key features include adaptive LED headlights, flush door handles, quad tailpipes, and a black fabric roof that folds silently in under 14 seconds, even at speeds up to 60 km/h. It's a design that captivates, whether the roof is up or down.

### **Luxurious and Sophisticated Interior**

Inside, the ivory leather interior balances classic and modern aesthetics. The cabin has a driver-focused layout with high-quality materials and Ferrari's latest technology. The dashboard, console, and door panels feature carbon fibre accents, while the digital instrument cluster, touchscreen infotainment, and steering wheel controls offer intuitive interaction. Heated and ventilated seats with memory settings provide comfort in a performance-ready environment.
