2009 Ferrari F430 16M Spider, The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your top destination for the world's most exclusive supercars and luxury vehicles. We are proud to present this 2009 Ferrari F430 16M Spider, a masterpiece of Italian engineering and open-top racing heritage. This rare vehicle features a striking black exterior paired with a refined black interior, highlighted by carbon fibre components both on the outside and inside, as well as a black soft roof.

Incredible Power and Speed

The F430 16M Spider is built for those who cherish the track while also seeking refinement. Beneath the rear deck is a 4.3-liter naturally aspirated V8 engine that delivers a thrilling 503 horsepower and 470 Nm of torque. It goes from 0 to 100 km/h in only 3.7 seconds, with a top speed of 315 km/h. The F1-inspired transmission and chassis tuning provide a driving experience that is both exciting and precise.

Exquisite Exterior Design

With its purposeful stance and aerodynamic silhouette, the 2009 Ferrari F430 16M Spider shows off its motorsport pedigree. The black finish is complemented by carbon fibre front and rear splitters, carbon side mirrors, and exclusive 16M badging. Additional highlights include Scuderia shields, 20-inch lightweight alloy wheels, and a black fabric roof that retracts in seconds, revealing its racing spirit.

Luxurious and Sophisticated Interior

The interior blends minimalism with motorsport focus. The black leather and Alcantara upholstery feature accents of carbon fibre across the dashboard, center console, and door panels. Racing seats come with harnesses, aluminum pedals, and a sport steering wheel with LED shift lights, creating a driver-focused environment. Every detail inside aims to provide the most engaging open-top driving experience possible.

Explore Our Collection at Exotic Cars Dubai
