2004 Ferrari 360 Challenge Stradale, Track-Bred Italian Excellence

Unrivaled Performance and Racing Pedigree

Welcome to Exotic Cars Dubai, your top destination for some of the world’s rarest supercars and luxury icons. We are proud to present this 2004 Ferrari 360 Challenge Stradale. It is a lightweight, track-focused version of the Ferrari 360 Modena, designed to provide the purest driving experience. Finished in Ferrari’s iconic Rosso Corsa Red with a Black and Red interior, this limited-production masterpiece combines motorsport DNA with legal road usability.

Incredible Power and Speed

At its heart is a naturally aspirated 3.6-liter V8 engine that produces 425 horsepower at a thrilling 8,500 rpm. Paired with Ferrari’s F1-style electrohydraulic transmission, the Challenge Stradale accelerates from 0 to 100 km/h in just 4.1 seconds and has a top speed of 300 km/h. Lightweight carbon fiber panels, thinner glass, and titanium springs reduce weight by over 110 kg compared to the standard 360, making every response immediate and precise.

Exquisite Exterior Design

The Rosso Corsa paint highlights the 360’s sculpted aerodynamics, enhanced with race-inspired upgrades. These include a deeper front bumper, a larger rear diffuser, and a distinctive tricolore stripe option available upon request. Lightweight alloy wheels, carbon ceramic brakes, and aggressive side skirts emphasize its track-focused nature while maintaining Ferrari’s timeless beauty.

Purpose-Built Racing Interior

Inside, the Black and Red cabin is stripped down for performance yet showcases Ferrari’s artisanal craftsmanship. Full carbon fiber racing seats, Alcantara trim, and exposed carbon panels reduce weight and enhance the motorsport feel. A simplified dashboard, slimmed door cards, and

provisions for racing harnesses complete the cockpit designed for total driver engagement.

Explore Our Collection at Exotic Cars Dubai

At Exotic Cars Dubai, we curate the most exclusive and collectible vehicles from around the world. Each car undergoes a careful inspection to make sure it meets the highest standards for performance, condition, and originality.
