2025 Lamborghini Revuelto, The Future of V12 Performance

Revolutionary Hybrid Supercar

Welcome to Exotic Cars Dubai, home to the most exclusive hypercars and luxury cars. We proudly present the 2025 Lamborghini Revuelto, the brand's first V12 plug-in hybrid supercar. Finished in a striking Matt Green exterior with a bold Black and Green interior, the Revuelto combines Lamborghini's raw heritage with modern electrification for unmatched performance and excitement.

Electrified Power and Speed

At its core is a new 6.5-liter naturally aspirated V12 engine, paired with three electric motors. This setup produces an impressive combined output of over 1,001 horsepower. The Revuelto can go from 0 to 100 km/h in just 2.5 seconds and can hit a top speed of more than 350 km/h. The hybrid system provides not only explosive acceleration but also permits electric-only driving in urban areas, balancing performance and practicality.

Bold Exterior Design

The Matt Green finish enhances the Revuelto's aggressive, aerospace-inspired shape. Signature Lamborghini features stand out thanks to smart aerodynamics and sculpted bodywork. Key highlights include:

- Y-shaped LED headlights and taillights
- Active aerodynamic elements for improved downforce
- Carbon fiber front splitter, side skirts, and rear diffuser
- Quad exhaust outlets beside an open engine bay
- Lightweight forged alloy wheels with carbon-ceramic brakes

Every angle expresses a strong intention, ready to dominate both road and track.

Driver-Focused Black + Green Interior

Inside, the Revuelto presents a two-tone Black and Green cockpit, combining motorsport-inspired design with Italian craftsmanship. Highlights include:

- Sport bucket seats in high-quality leather and Alcantara
- Carbon fiber dashboard, center console, and door trims
- Digital triple-screen layout for driver and passenger displays
- Lamborghini's latest HMI infotainment with wireless connectivity
- Contrast stitching and custom Green interior accents

The cabin serves as both a luxury cockpit and a command center for extreme performance.

Explore Our Collection at Exotic Cars Dubai

At Exotic Cars Dubai, we offer a world-class collection of hypercars and supercars for discerning buyers. The 2025 Revuelto represents the peak of Lamborghini's innovation and design.

REVUELTO

A close-up photograph of a watch strap and case. The strap is made of a dark, textured material, possibly leather or a high-quality synthetic material, and features a repeating pattern of stylized laurel leaves. The watch case is visible in the upper right, showing a smooth, dark finish. The brand name "Somnus faber" is engraved in a cursive font on the side of the case, just above the strap.
