## **2025 Ferrari Roma Spider – Timeless Elegance, Open-Top Thrill**

### **Unrivaled Luxury and Performance**

Welcome to Exotic Cars Dubai, where the world's most exclusive supercars meet classic Italian craftsmanship. Presenting the 2025 Ferrari Roma Spider, a stunning mix of traditional Ferrari design and open-top excitement. It features a rare Matt Red exterior and a sleek Black interior, redefining convertible style.

### **Incredible Power and Speed**

Under the sculpted bonnet, a 3.9-liter twin-turbocharged V8 produces 612 horsepower and 760 Nm of torque. The Roma Spider goes from 0 to 100 km/h in just 3.4 seconds and reaches a top speed beyond 320 km/h. Its 8-speed dual-clutch transmission ensures quick gear changes, while optimized aerodynamics deliver a smooth combination of speed and stability.

### **Exquisite Exterior Design**

The Matt Red paint enhances the Roma Spider's elegant curves. The flowing body lines and long hood pay tribute to Ferrari's legendary GT heritage. A retractable soft top folds away in just 13.5 seconds, even at speeds up to 60 km/h. Slim adaptive LED headlights, 20-inch alloy wheels, and carefully designed aerodynamic features complete its bold yet graceful appearance.

### **Luxurious and Sophisticated Interior**

Inside, the Black leather cabin offers an atmosphere of understated luxury and modern technology for both the driver and passenger. Key highlights include:

- Dual-cockpit layout with digital displays for the driver and passenger
- Hand-stitched Black leather with subtle contrast stitching
- Aluminum shift paddles and a multifunction steering wheel with a Manettino drive mode selector
- Ferrari's latest infotainment system with Apple CarPlay and Android Auto

In the center, there is a silver-colored badge with the word 'Roma' in a cursive script and 'SPIDER' in a blocky, sans-serif font below it. To the right, a portion of a red interior trim piece is visible, along with a metallic trim element. In the upper right background, the text 'ROMA AIRBAG' is faintly visible on a grey surface.
