## **2018 Porsche 911 GT2 RS Weissach, The Ultimate Driving Machine**

### **Unrivaled Luxury and Performance**

Welcome to Exotic Cars Dubai, your top spot for the world's most exclusive supercars and luxury vehicles. We proudly present the exceptional 2018 Porsche 911 GT2 RS Weissach, the most powerful and track-focused road car in Porsche's history. With its sleek white exterior and dynamic black and red interior, this Weissach package edition takes performance and exclusivity to the highest level.

### **Incredible Power and Speed**

The GT2 RS has a 3.8-liter twin-turbocharged flat-six engine that delivers 700 horsepower and 750 Nm of torque. It goes from 0 to 100 km/h in just 2.7 seconds and reaches a top speed of 340 km/h. The Weissach package cuts weight with magnesium wheels and extensive carbon fiber parts. This design ensures sharper handling, maximum downforce, and record-breaking lap times.

### **Exquisite Exterior Design**

The white finish showcases the aerodynamic design of the GT2 RS. Carbon fiber elements, like the roof, hood, and rear wing, minimize weight while providing a motorsport look. Lightweight forged alloy wheels, aggressive air intakes, and active aerodynamics make it visually impressive and functionally efficient. This is Porsche performance at its purest.

### **Luxurious and Sophisticated Interior**

Inside, the black and red interior creates a motorsport-inspired feel. Carbon fiber trim, Alcantara finishes, and lightweight bucket seats ensure driver focus and comfort. Red contrast stitching, Weissach badging, and harness-ready seating highlight its racing background. Even with its track-ready features, the cabin maintains Porsche's premium quality with user-friendly digital displays and infotainment options.
