This stunning model has a sleek black exterior and a bold red interior, highlighting its blend of elegance and aggression.

Incredible Power and Speed

The 911 Turbo S Cabriolet is made for those who seek unmatched speed. It is powered by a 3.8-liter twin-turbocharged flat-six engine that delivers an astonishing 640 horsepower and 800 Nm of torque. This car accelerates from 0 to 100 km/h in just 2.7 seconds and reaches a top speed of 330 km/h. Porsche's all-wheel drive system, adaptive suspension, and lightning-fast PDK transmission provide precision control at all times.

Exquisite Exterior Design

The black finish showcases the Turbo S Cabriolet's wide stance and aerodynamic curves. Its design features large air intakes, active aero elements, and 20/21-inch center-lock wheels. The retractable soft-top roof opens in just 12 seconds, transforming the car from a coupe-like silhouette to an open-top icon. LED matrix headlights and signature Turbo S details complete the striking look.

Luxurious and Sophisticated Interior

Inside, the red leather cabin offers sporty luxury. Carbon fiber accents, aluminum trim, and Turbo S badging highlight exclusivity, while the ergonomically designed seats provide excellent comfort and support. The advanced infotainment system, Bose or Burmester sound options, and Porsche's driver-focused digital cockpit make every journey both intuitive and exhilarating.
