This lightly used grand tourer features a captivating Blue exterior paired with a luxurious Red leather interior, showcasing Ferrari's signature mix of elegance and performance.

Incredible Power and Speed

The Ferrari Roma is built for those who crave excitement. Under the hood sits a 3.9-liter twin-turbocharged V8 that produces an impressive 612 horsepower and 760 Nm of torque. It accelerates from 0 to 60 mph in just 3.4 seconds, reaching a top speed of 199 mph. Every part is tuned for high performance, offering a driving experience that combines refinement with thrill.

Exquisite Exterior Design

With its sleek lines and sculpted shape, the 2021 Ferrari Roma conveys both elegance and fierceness. The Blue finish pairs beautifully with 20-inch alloy wheels, gloss black details, and signature features like slim LED headlights and an aerodynamically optimized rear diffuser. This is a Ferrari designed not just to perform, but to be admired from every angle.

Luxurious and Sophisticated Interior

Inside, the cabin showcases Italian craftsmanship and modern technology. The Red leather seats surround a dual-cockpit layout, giving both driver and passenger a complete sense of immersion. A fully digital instrument cluster, aluminum trim accents, and ambient lighting highlight the Ferrari Roma's role as a driver-focused luxury machine.
