Welcome to Exotic Cars Dubai, your top destination for the world's most exclusive supercars and luxury vehicles. We are excited to present this stunning 2022 McLaren 720S Performance, a mid-engine supercar that combines modern aerodynamics with raw speed. This lightly used example features a striking Green exterior and a purposeful Black interior. It is designed for those who seek the thrill of a true driver's car.

Incredible Power and Speed

At its core, the 720S Performance has a 4.0-liter twin-turbocharged V8 engine that produces an impressive 710 horsepower and 770 Nm of torque. It accelerates from 0 to 100 km/h in just 2.9 seconds, with a top speed of 341 km/h. The lightweight carbon fiber monocoque, 7-speed dual-clutch transmission, and smart aerodynamics provide unmatched agility and precise handling.

Exquisite Exterior Design

Finished in bold Green, this 720S grabs attention with its futuristic lines and aerodynamic shape. Exterior features include dihedral doors, a carbon fiber active rear wing, adaptive LED headlights, and 20-inch lightweight forged alloy wheels. Every surface is designed for airflow, giving the car both its unique appearance and top-notch performance.

Luxurious and Sophisticated Interior

Inside, the Black leather and Alcantara interior is both simple and luxurious. The driver-focused cockpit places every control within reach. Carbon fiber trim, performance sport seats, and McLaren's digital driver display create a racing-inspired atmosphere. The infotainment system, premium sound, and modern connectivity keep technology seamlessly woven into the driving experience.
