2024 Lamborghini Huracán Tecnica – The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your premier destination for the world's most exclusive supercars and luxury vehicles. We are proud to present the 2024 Lamborghini Huracán Tecnica, a perfect fusion of road-focused usability and track-ready dynamics. This new example comes finished in a bold Matt Grey exterior paired with a striking Black + Orange interior, delivering sharp style and breathtaking performance.

Incredible Power and Speed

The Huracán Tecnica is powered by a naturally aspirated 5.2-liter V10 engine, producing 631 horsepower and 565 Nm of torque. It launches from 0 to 100 km/h in just 3.2 seconds, with a top speed of 325 km/h. Featuring rear-wheel drive, a 7-speed dual-clutch transmission, and Lamborghini's advanced LDVI dynamics system, the Tecnica offers exceptional agility and precision both on the road and track.

Exquisite Exterior Design

Finished in Matt Grey, the Tecnica's exterior showcases Lamborghini's distinctive design language with sharper aerodynamics and lightweight materials. Highlights include a carbon fibre front splitter and rear diffuser, a revised rear wing, and Y-shaped LED headlights. The black wheels with orange brake calipers and aggressive stance further emphasize its track-inspired persona.

Luxurious and Sophisticated Interior

Step inside to the Black + Orange interior, where Italian craftsmanship meets motorsport design. Alcantara and leather performance seats feature orange contrast stitching, while carbon fibre trim accents the dashboard and console. The cockpit includes a customizable digital driver display, Lamborghini's infotainment system, and intuitive controls for drive modes, ensuring the cabin is both functional and luxurious.
