2021 Bugatti Divo – The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your premier destination for the world’s rarest and most powerful hypercars. We are honored to present the 2021 Bugatti Divo, a hypercar masterpiece that pushes the limits of automotive engineering and exclusivity. This collector-grade example features an extraordinary Blue exterior paired with a Blue + Grey interior — a configuration that perfectly captures the Divo’s fusion of artistry and aerodynamic precision.

Incredible Power and Speed

At its heart, the Divo houses Bugatti’s legendary 8.0-liter W16 quad-turbocharged engine, delivering a staggering 1,479 horsepower and 1,180 lb-ft of torque. This engineering marvel accelerates from 0 to 60 mph in just 2.4 seconds, with a top speed electronically limited to 236 mph for optimal aerodynamics. The Divo’s track-focused suspension, increased downforce, and lightweight carbon construction set it apart as one of the most agile and exclusive Bugattis ever built.

Exquisite Exterior Design

The Blue exterior emphasizes the Divo’s aggressive and sculpted lines, designed for maximum aerodynamic efficiency. Signature design features include the large rear wing, quad LED headlights, and distinctive C-line profile, complemented by forged alloy wheels and carbon fibre bodywork. Each Divo is hand-built, with only 40 units produced worldwide, making it a true symbol of rarity and prestige.

Luxurious and Sophisticated Interior

Inside, the Blue and Grey Alcantara cabin reflects Bugatti’s commitment to driver-focused minimalism and bespoke craftsmanship. Every detail—from the contrast stitching and carbon fibre accents to the lightweight performance seats—is crafted with precision. The interior design

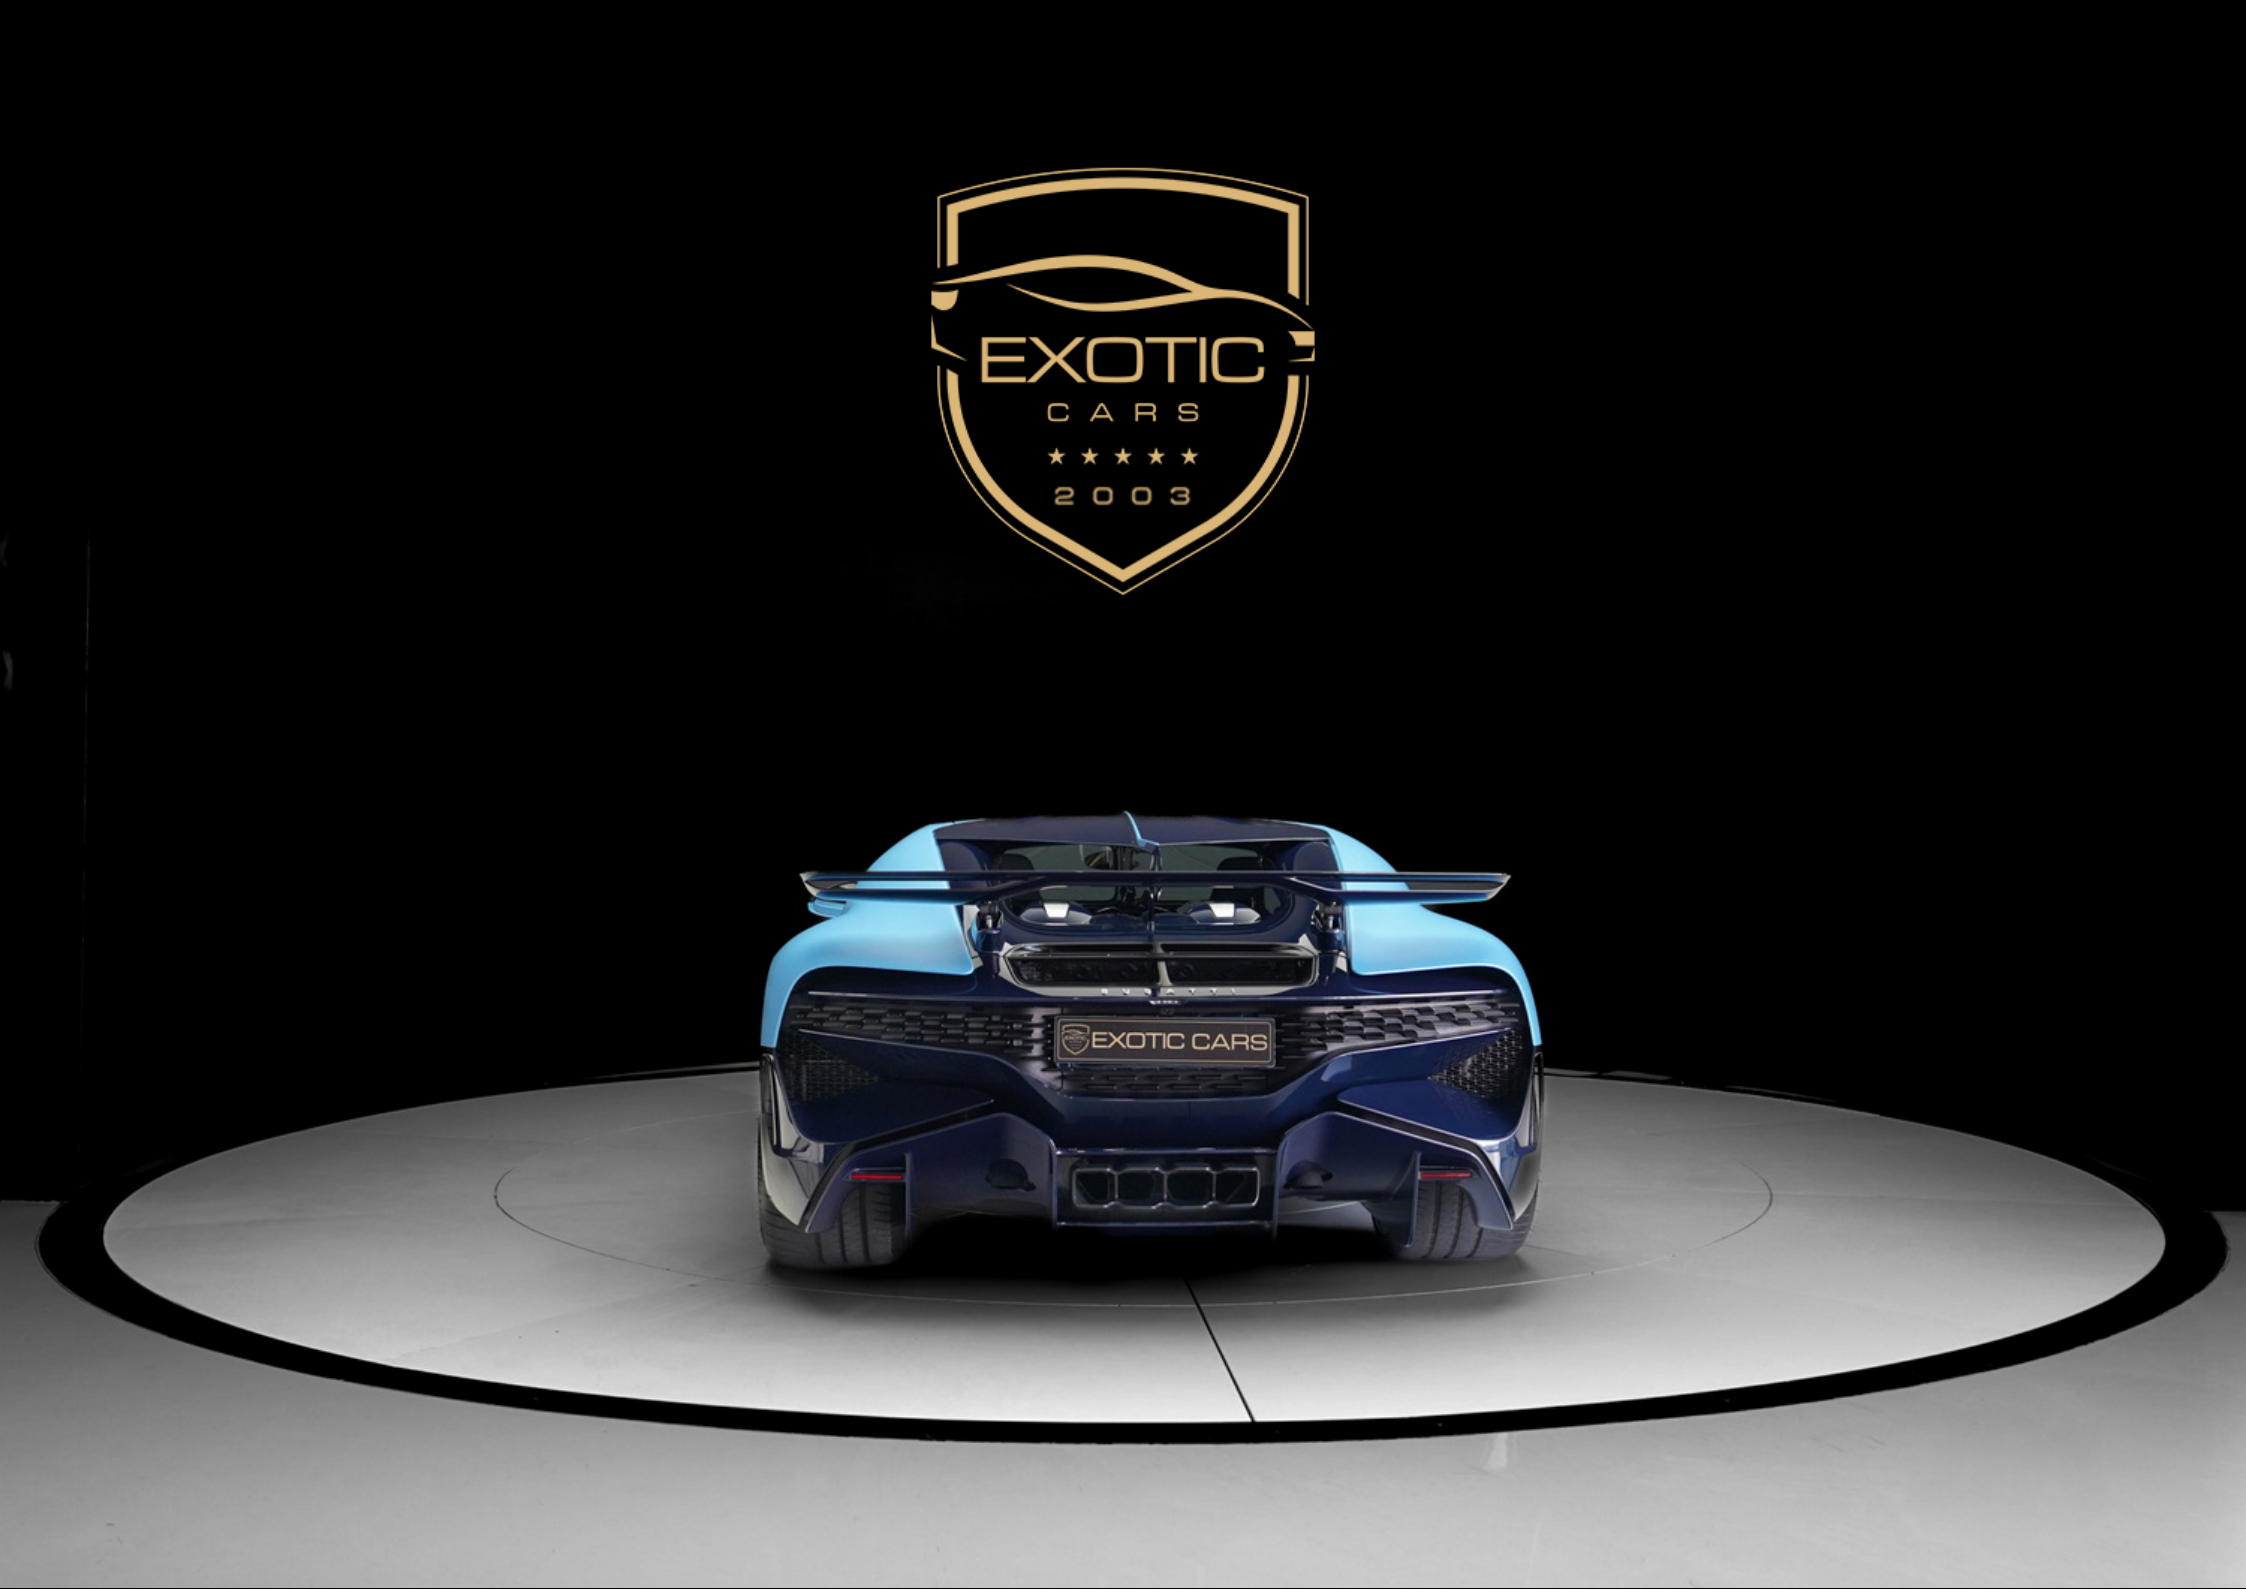

balances comfort with a pure racing ethos, ensuring the driver feels connected to every heartbeat of the W16 engine.

Explore Our Collection at Exotic Cars Dubai

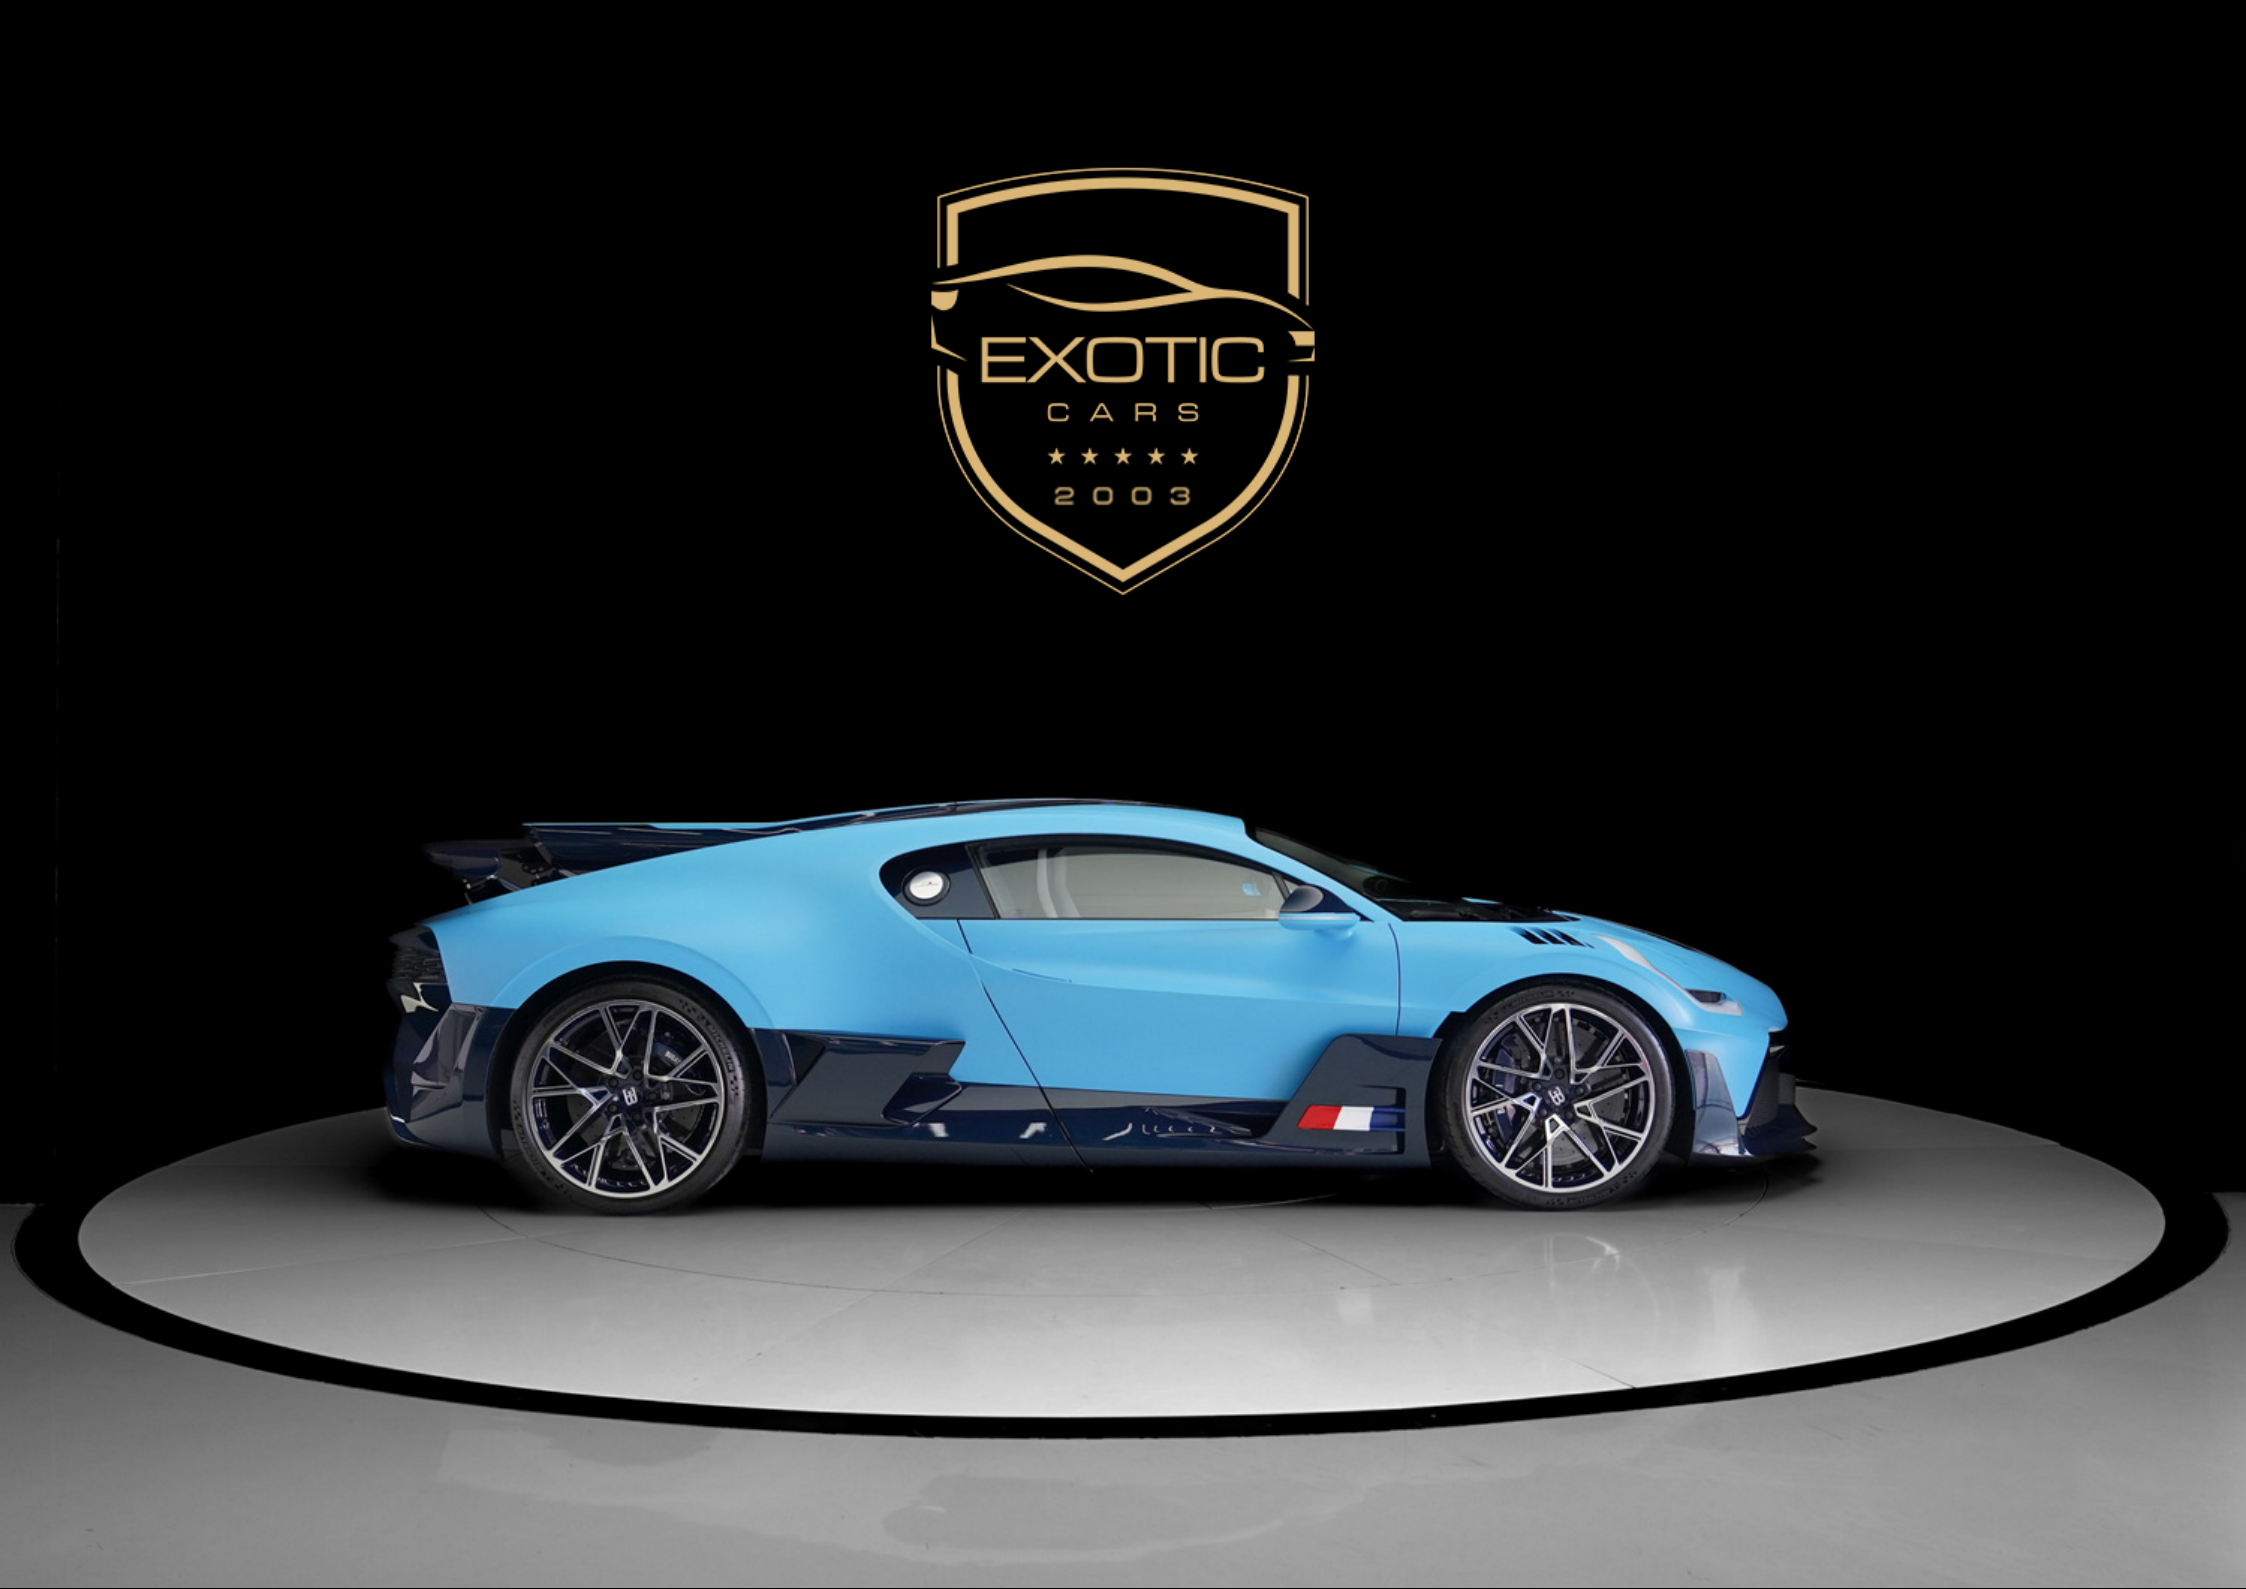

At Exotic Cars Dubai, we take pride in offering an exclusive collection of the most desirable hypercars and luxury vehicles in the world. Each car undergoes a detailed inspection and preservation process to maintain its pristine condition and collectible status.
