## **1996 Ferrari Testarossa Koenig Specials – The Ultimate Driving Machine**

### **Unrivaled Luxury and Performance**

Welcome to Exotic Cars Dubai, your premier destination for the world's most exclusive supercars and luxury vehicles. We are proud to present this extraordinary 1996 Ferrari Testarossa Koenig Specials, a rare and highly collectible masterpiece that embodies the raw essence of 1990s performance engineering. This rare edition example features a classic Red exterior paired with a Beige interior, complemented by Koenig wide-body styling and bespoke aerodynamic enhancements.

### **Incredible Power and Speed**

The Ferrari Testarossa Koenig Specials takes the legendary 12-cylinder platform to extreme levels of performance. Beneath its aggressive design lies a 5.0-liter flat-12 engine, meticulously tuned by Koenig to produce up to 800 horsepower — nearly double the factory output. With twin turbochargers and a reworked exhaust system, this Testarossa accelerates from 0–60 mph in around 3.9 seconds, achieving a top speed that exceeds 200 mph. This is a true testament to the golden era of bespoke European tuning and Ferrari dominance.

### **Exquisite Exterior Design**

The Red finish pays homage to Ferrari's racing heritage, accentuated by Koenig's signature wide-body kit, enlarged air intakes, and custom aerodynamic rear wing. The aggressive stance and bold styling cues turn this classic supercar into a piece of art and engineering excellence. Completing the look are deep-dish alloy wheels, vented rear panels, and quad exhaust outlets, ensuring it's as striking as it is powerful.

## **Luxurious and Sophisticated Interior**

Inside, the Beige leather cabin combines traditional Ferrari luxury with Koenig's bespoke enhancements. The hand-stitched seats, classic gated shifter, and custom Koenig badging remind you that this is no ordinary Testarossa. Every detail — from the dashboard layout to the aluminum pedals — reflects precision craftsmanship and performance focus.
