2023 Ferrari 296 GTB – The Ultimate Driving Machine

Unrivalled Luxury and Performance

Welcome to Exotic Cars Dubai, your trusted destination for the world's finest supercars and luxury vehicles. We are proud to present this exceptional 2023 Ferrari 296 GTB, a groundbreaking plug-in hybrid supercar that redefines performance and precision. This lightly used masterpiece features a stunning Red exterior paired with a Black interior, reflecting Ferrari's perfect balance between innovation and tradition.

Incredible Power and Speed

The 296 GTB introduces Ferrari's next-generation hybrid technology with a 3.0-liter twin-turbocharged V6 engine paired with an electric motor, producing a combined 819 horsepower and 546 lb-ft of torque. It accelerates from 0 to 60 mph in just 2.9 seconds, reaching a top speed of 205 mph. The eDrive mode allows for silent electric cruising, while the hybrid system enhances acceleration and cornering precision — delivering a driving experience that's both powerful and intelligent.

Exquisite Exterior Design

The 2023 Ferrari 296 GTB captivates with its sculpted aerodynamic form, blending elegance and aggression. The Rosso Corsa Red finish accentuates its muscular lines, complemented by carbon fibre accents, black forged wheels, and signature LED headlights. The integrated active rear spoiler and sculpted diffuser optimize airflow and downforce, turning every curve into a display of performance artistry.

Luxurious and Sophisticated Interior

Inside, the Black leather and Alcantara interior embodies Ferrari's dedication to the driver. The minimalist, driver-focused cockpit features digital instrumentation, carbon fibre trim, and contrast red stitching. Every surface reflects meticulous craftsmanship, from the multifunction steering wheel to the race-inspired paddle shifters — all designed to put performance and luxury at your fingertips.
