2019 Porsche 911 GT2 RS – The Ultimate Driving Machine

Unrivalled Luxury and Performance

Welcome to Exotic Cars Dubai, your premier destination for the world's most exclusive supercars and luxury vehicles. We are proud to present this extraordinary 2019 Porsche 911 GT2 RS, the most powerful road-legal 911 ever built. This pre-owned, collector-grade machine features a bold Black exterior paired with a striking Red interior, highlighted by carbon fibre accents, Weissach-inspired details, and track-focused enhancements.

Incredible Power and Speed

The GT2 RS is engineered for pure, uncompromising performance. Beneath the rear lid lies a ferocious 3.8-liter twin-turbocharged flat-six, producing an earth-shaking 700 horsepower and 553 lb-ft of torque. With a blistering 0–60 mph time of 2.7 seconds and a top speed of 211 mph, this Porsche holds legendary Nürburgring records. The GT2 RS delivers razor-sharp handling, track-ready aerodynamics, and a driving experience that borders on supernatural.

Exquisite Exterior Design

The 2019 911 GT2 RS boasts an aggressive and aerodynamic silhouette crafted for maximum downforce. The deep Black finish is complemented by lightweight carbon fibre panels, massive rear wing, center-lock alloy wheels, and performance-oriented air intakes. Every line, vent, and curve is designed with precision to enhance speed, cooling, and stability.

Luxurious and Sophisticated Interior

Inside, the cabin blends motorsport DNA with Porsche's signature refinement. The Red leather and Alcantara interior enhances the GT2 RS's bold character, while the carbon fibre bucket seats, exposed carbon trim, and track-focused instrumentation elevate the racing spirit. Despite its hardcore performance nature, Porsche ensures premium comfort, intuitive controls, and impeccable craftsmanship.

Explore Our Collection at Exotic Cars Dubai

At Exotic Cars Dubai, we specialize in rare supercars, hypercars, and collector-grade icons. The 911 GT2 RS stands as one of the most desirable Porsche models ever produced—each unit meticulously inspected to meet our uncompromising standards of quality and performance.
