2023 Range Rover SV Autobiography – The Ultimate Driving Machine

Unrivaled Luxury and Performance

Welcome to Exotic Cars Dubai, your premier destination for the world's most exclusive supercars and luxury vehicles. We are proud to present this exceptional 2023 Range Rover SV Autobiography, a flagship luxury SUV engineered for those who demand comfort, prestige, and elevated performance. This lightly used masterpiece features a sophisticated White exterior paired with a premium Beige + Ivory interior, highlighted by bespoke SV detailing and refined luxury materials.

Incredible Power and Speed

The SV Autobiography delivers power wrapped in exceptional refinement. Under the hood lies a robust 5.0-liter supercharged V8, producing 557 horsepower and 516 lb-ft of torque. It accelerates from 0 to 60 mph in 4.3 seconds, offering authoritative performance while maintaining Range Rover's renowned smoothness and off-road capability. The advanced air suspension ensures comfort on every terrain.

Exquisite Exterior Design

The 2023 Range Rover SV Autobiography radiates contemporary elegance and elevated presence. The sleek White paint is complemented by SV-specific 22-inch alloy wheels, chrome accents, and a modernized grille design. Its minimalist LED headlights, floating roof, and sculpted body lines create a refined yet powerful visual identity.

Luxurious and Sophisticated Interior

Inside, the cabin embodies true British craftsmanship. The Beige + Ivory interior showcases semi-aniline premium leather, diamond-quilted finishes, executive rear seating, and extended veneer trim. Ambient lighting, panoramic sunroof, and advanced infotainment systems create a luxurious mobility experience. Every detail is designed around comfort, elegance, and high-end functionality.

Explore Our Collection at Exotic Cars Dubai

The main infotainment screen displays a dark-themed interface with several sections. At the top right, the time is '16:24'. The screen is divided into three main columns: 'WADE SENSING' with a car icon and a power button labeled 'Off'; 'ENERGY IMPACT' with a leaf icon and a circular gauge showing energy consumption; and 'DRIVING STYLE' with a car icon, 'DRIVING --%' and 'ECONOMY 0 -- l/100km' text, and a partial view of a car. A central circular gauge is also visible. The bottom of the screen has a row of icons for navigation, music, and settings.

The climate control panel features two circular digital displays on the left and right, showing temperatures of '20.5' and '21' respectively. Between these displays are several control buttons: 'AUTO', 'SYNC', 'AUTO', and a fan icon. Below these are 'MAX A/C', 'A/C', and 'MAX FAN' buttons. The panel is illuminated with a soft green light.

The center console contains a white gear selector knob, a 'START STOP' button, and two circular buttons for driving modes. The console is finished with a light-colored material and has a sleek, modern design.
