2020 Bentley GTC W12 for Sale in Dubai

Open-Top Grand Touring with W12 Performance

Discover this elegant **2020 Bentley GTC W12 for sale in Dubai**, finished in a timeless **White exterior** and paired with a distinctive **Beige and Red interior**. Completing the specification is a striking **Red convertible roof**, giving this Bentley an unmistakable appearance whether the roof is raised or lowered.

Showing just **11,000 km**, this Continental GTC combines powerful W12 performance with the comfort, craftsmanship and effortless refinement expected from one of Bentley's most celebrated grand tourers.

For buyers searching for a **Bentley GTC W12 for sale in Dubai**, this particular example stands apart through its low mileage and carefully coordinated White, Beige and Red colour combination.

White Exterior with a Distinctive Red Roof

The **White exterior** beautifully highlights the sculpted proportions of the Bentley GTC. Its broad stance, signature matrix grille, flowing body lines and elegant rear profile give the convertible a commanding presence without sacrificing the sophistication traditionally associated with Bentley.

What makes this example particularly distinctive is its **Red roof**. Against the clean White bodywork, the contrasting roof creates a bold yet elegant appearance and connects perfectly with the Red elements found throughout the interior.

Lowering the convertible roof transforms the character of the GTC, revealing the Beige and Red cabin and creating an impressive open-air grand touring experience.

Beige and Red Bentley Interior

Inside, the **Beige and Red interior** introduces a luxurious two-tone environment. Beige gives the cabin a light, sophisticated foundation, while the Red elements add a more sporting and individual character.

The colour combination also creates a natural connection between the cabin and the Red convertible roof, giving the entire specification a carefully coordinated appearance.

Bentley's approach to the Continental GTC combines traditional luxury craftsmanship with a driver-focused grand touring environment. The result is a cabin designed to feel equally special during a short journey through Dubai or an extended drive across the UAE.

6.0-Litre Twin-Turbocharged W12 Performance

At the heart of the Continental GTC is Bentley's formidable **6.0-litre twin-turbocharged W12 engine**. Paired with an automatic transmission, the W12 provides the effortless acceleration and smooth power delivery expected from Bentley's flagship convertible.

The GTC is about more than outright speed. Its defining quality is the ability to combine serious performance with refinement and comfort, creating a car that can transition naturally from relaxed cruising to more engaging driving.

With only **11,000 km**, this 2020 example is particularly attractive for buyers looking for a **low-mileage Bentley Continental GTC W12 in Dubai**.

Luxury Convertible for Dubai

The Continental GTC is especially well suited to the UAE lifestyle. During Dubai's cooler months, lowering the roof transforms an ordinary journey into an open-air grand touring experience, while the sophisticated cabin and substantial W12 performance ensure that the GTC remains enjoyable throughout the year.

Its combination of luxury, performance and distinctive styling also makes it an appealing alternative for buyers considering premium convertibles and high-performance grand tourers.

Bentley GTC W12 for Sale in Dubai

This **2020 Bentley GTC W12 for sale in Dubai** combines a White exterior, Beige and Red interior, contrasting Red roof, low mileage and Bentley's renowned W12 performance in one sophisticated luxury convertible.
