2019 Mercedes-Benz AMG GT S for Sale in Dubai

Hand-Built AMG Character in a Striking Sports Car

Discover this impressive **2019 Mercedes-Benz AMG GT S for sale in Dubai**, presented in a crisp **White exterior** with a sporting **Black and Red interior**. Showing **43,000 km**, this AMG performance coupé combines dramatic proportions, a powerful 4.0-litre V8 and a driver-focused cabin with an attractive selection of performance-inspired features.

This particular AMG GT S is enhanced by **carbon fibre interior and exterior elements, Alcantara seats and a Burmester premium audio system**. Together, these features create a specification that balances the raw character expected from an AMG sports car with the refinement required for enjoyable road use.

For buyers searching for a **Mercedes-Benz AMG GT S for sale in Dubai**, this White example offers a distinctive combination of V8 performance, aggressive styling and a carefully coordinated Black and Red cabin.

White Exterior with Carbon Fibre Details

The **White exterior** emphasises the unmistakable proportions of the AMG GT S. Its long bonnet, low roofline, wide stance and muscular rear bodywork give the car the appearance of a traditional front-engined grand tourer while retaining a distinctly modern AMG identity.

This example is further enhanced by **carbon fibre exterior components**, which provide a purposeful contrast against the White paintwork. The darker carbon details reinforce the performance-focused character of the vehicle and add further visual definition to its sculpted bodywork.

The combination of White paint and carbon fibre creates a clean yet aggressive specification, giving the AMG GT S an unmistakable road presence.

Black and Red Interior with Alcantara Seats

Inside, the **Black and Red interior** continues the sporting character of the exterior. Red detailing provides a bold contrast against the predominantly Black cabin, while the cockpit remains firmly focused around the driver.

This example features **Alcantara seats**, adding a motorsport-inspired feel to the interior. The cabin is also enhanced by **carbon fibre trim**, creating a cohesive connection between the exterior specification and the driver-focused environment inside.

Together, the Alcantara, carbon fibre and contrasting colours give the AMG GT S a purposeful atmosphere appropriate for a high-performance Mercedes-AMG.

Burmester Premium Audio

Performance does not mean sacrificing luxury. This AMG GT S is also equipped with a **Burmester audio system**, providing a premium listening experience throughout the cabin.

Whether enjoying a relaxed journey through Dubai or heading out for a more engaging drive, the Burmester system adds another dimension to the ownership experience. It complements the premium materials and technology inside the vehicle while providing a refined contrast to the more performance-focused Alcantara and carbon fibre elements.

4.0-Litre V8 AMG Performance

Under the long bonnet sits a **4.0-litre V8 engine**, paired with an automatic transmission. The Exotic Cars listing places this vehicle within the **500–600 HP category**, providing the strong performance expected from an AMG GT S.

The AMG GT S was engineered to deliver more than straight-line speed. Its low driving position, rear-wheel-drive sports-car proportions and performance-oriented chassis create an experience focused on driver engagement.

At the same time, the GT S retains enough comfort and refinement to make it suitable for road use, giving owners the opportunity to enjoy its performance without restricting the car to occasional drives.

Mercedes-Benz AMG GT S for Sale in Dubai
