Showing **31,000 km**, this highly specified G-Wagon combines the unmistakable presence of the Mercedes-Benz G-Class with powerful AMG performance and an impressive selection of luxury and styling features.

This particular example stands out with its **Night Package, Maybach-style wheels, carbon fibre interior and Burmester audio system**. For buyers searching for a **Mercedes-Benz G63 AMG for sale in Dubai**, the Magno White exterior and Blue and Black cabin give this example a distinctive personality that separates it from more conventional G-Class specifications.

Magno White Exterior with Night Package

The **Magno White exterior** gives this G63 AMG an impressive road presence. Its matte-style finish complements the upright proportions and unmistakable silhouette of the G-Class while providing a more individual alternative to traditional gloss paintwork.

This example is enhanced by the **Night Package**, introducing darker exterior accents that contrast beautifully with the lighter body colour. The combination creates a more purposeful appearance while highlighting the G63's muscular wheel arches, prominent grille and robust proportions. Completing the exterior specification are distinctive **Maybach-style wheels**. Their luxury-inspired design gives the G63 additional visual presence and adds an exclusive finishing touch to the Magno White and Night Package combination.

Blue and Black Interior with Carbon Fibre

Inside, the **Blue and Black interior** provides an impressive contrast to the exterior. The Blue elements introduce individuality into the cabin, while Black maintains the purposeful character associated with Mercedes-AMG.

This example also features **carbon fibre interior trim**, adding a performance-inspired finish to the luxurious cabin. The carbon detailing complements the AMG character of the vehicle and creates a contemporary contrast with the two-tone upholstery.

The elevated seating position and distinctive G-Class architecture remain instantly recognisable, while premium materials and modern technology ensure the interior delivers the comfort expected from a contemporary luxury SUV.

Burmester Premium Audio

Another key feature is the **Burmester audio system**, providing a premium listening experience throughout the cabin.

Whether the G63 is being used for daily journeys around Dubai or longer drives across the UAE, the Burmester system adds another dimension to the ownership experience. Combined with the premium cabin materials and carbon fibre trim, it reinforces the balance between performance and luxury that defines the modern G63 AMG.

AMG V8 Performance and Everyday Versatility

Performance is central to the appeal of the **Mercedes-AMG G63**. Its powerful AMG V8 character gives the G-Wagon the acceleration and commanding driving experience expected from the flagship performance version of the G-Class.

Yet the G63 is not simply about power. It combines performance with everyday SUV practicality, a commanding driving position and an unmistakable design that has made the G-Class a familiar sight among Dubai's most desirable luxury vehicles.
