2022 Range Rover Vogue First Edition P530 V8 for Sale in Dubai

Flagship Range Rover Luxury with V8 Performance

Discover this distinctive **2022 Range Rover Vogue First Edition P530 V8 for sale in Dubai**, presented in an eye-catching **Glossy Golden exterior** with an elegant **Ivory interior**. Combining commanding road presence with exceptional passenger comfort, this First Edition offers the luxury, refinement and performance expected from one of Range Rover's flagship SUVs.

The First Edition specification adds an extra sense of exclusivity to an already prestigious model. This particular example is further enhanced by **wood interior trim, Meridian sound, rear entertainment and a panoramic roof**, creating a luxury SUV designed to make every journey enjoyable for both the driver and passengers.

For buyers searching for a **Range Rover Vogue First Edition for sale in Dubai**, this Golden and Ivory configuration offers an especially distinctive alternative to more conventional specifications.

Glossy Golden Exterior with Imposing Presence

The **Glossy Golden exterior** immediately separates this Range Rover from the crowd. The finish works beautifully with the clean, minimalist design of the latest-generation Range Rover, highlighting its smooth surfaces, elegant proportions and unmistakable silhouette.

Signature Range Rover design elements give the vehicle a sophisticated yet commanding appearance, while the Golden finish adds another level of individuality. It is a specification particularly suited to Dubai, where exclusivity and road presence are often just as important as luxury and performance.

Despite its substantial proportions, the Range Rover maintains an elegant appearance, blending traditional SUV authority with a more contemporary and streamlined design.

Ivory Interior with Wood Trim

Inside, the **Ivory interior** provides a sophisticated contrast to the Glossy Golden bodywork. The lighter cabin creates a bright and luxurious atmosphere, complemented by **wood trim interior detailing** that reinforces the traditional craftsmanship associated with Range Rover.

The **panoramic roof** further enhances the sense of space by bringing additional natural light into the cabin. Together, the Ivory upholstery, wood trim and expansive glass roof create an environment designed around comfort and relaxation.

For owners who frequently travel with family, guests or business passengers, this specification provides an especially welcoming rear cabin.

Rear Entertainment and Meridian Sound

Passenger comfort is enhanced by a **rear entertainment system**, giving occupants additional entertainment options during longer journeys.

The vehicle is also equipped with a **Meridian sound system**, delivering a premium audio experience throughout the cabin. Combined with the refinement of the Range Rover interior, the system helps create an immersive environment whether travelling through Dubai or taking longer journeys across the UAE.

These features make the Vogue First Edition particularly appealing for buyers looking for a luxury SUV where the rear-passenger experience is as important as the driving experience.

P530 V8 Performance

Power comes from the **4.4-litre twin-turbocharged V8** associated with the P530 model, producing approximately **530 PS**. Its substantial performance is delivered alongside the refinement expected from Range Rover, giving the P530 the ability to combine effortless acceleration with comfortable long-distance cruising.

The result is a luxury SUV capable of delivering impressive performance without compromising the quiet, composed character that defines the Range Rover experience.
